SIDNEY A. DIAMOND,
January 13, 1981. *Commissioner of Patents and Trademarks.*

Decrease in Patent Cooperation Treaty (PCT) International Fees. Effective May 19, 1981.

Under PCT Rule 15.2(d), whenever the exchange rate between the Swiss currency and the United States currency becomes different by at least 10% from the exchange rate previously applied new amounts for the international fees in U.S. dollars are established. Since the exchange rate has changed favorable to the U.S. dollar, new amounts in U.S. dollars become effective on May 19, 1981.

There is no change in the transmittal fee, which remains at $35.00; or the search fee, which remains at $300.00.

The current $265.00 International Basic Fee for an application 30 sheets or less is reduced to $215.00, effective May 19, 1981.

The Basic Fee Supplement for each sheet over 30 is reduced from $5.00 to $4.00, effective May 19, 1981.

The Designation Fee for each State or group of States for which the same regional patent is sought is reduced from $64.00 to $50.00 effective, May 19, 1981.

Accordingly, the PCT fees in effect after May 19, 1981 are as follows:

Transmittal Fee	$ 35.00
Search Fee	$300.00
International Basic Fee (For the first 30 sheets of an international application)	$215.00
Basic Supplemental Fee (for each sheet over 30)	$ 4.00
International Designation Fee (For each State for which a national patent is sought, or group of States for which the same regional patent is sought)	$ 50.00

For further information concerning the PCT, consult Chapter 1800 of the Manual of Patent Examining Procedure and notices 90-95 in the consolidated listing of notices appearing in the Offical Gazette of Jan. 6, 1981.

For MARGARET M. LAURENCE,
Assistant Commissioner for Trademarks.

Extension of Time for Filing Notices of Opposition

By means of an Official Gazette Notice dated January 22, 1981, the Patent and Trademark Office announced that (1) the automatic 14-day extension of filing Notices of Opposition to registration of marks published in the Official Gazettes dated May 20, 1980 thru December 30, 1980 would not be continued into calendar year 1981 and (2) extensions would be granted, as necessary, only on an issue-by-issue basis.

Continued difficulties with printing and mailing of the Official Gazette have made advisable a modification of the policy announced in the Notice dated January 22, 1981 and the reinstatement of the automatic 14-day extension. Therefore, beginning with the Official Gazette issue dated January 13, 1981, a Notice of Opposition to registration of any mark appearing in the Official Gazette will be considered timely if filed within 44 days after the date on the cover of the Official Gazette in which the mark appears.

This Notice will be printed in each succeeding issue of the Official Gazette, and the announced 14-day extension will continue to apply unless specifically terminated or modified by subsequent Notice.

SECTION 1.—INTERNATIONAL CLASSIFICATION

The short titles associated below with the international class numbers are terms designed merely for quick identification and are not an official part of the international classification. The full names of international classes are given in section 6.1 of the trademark rules of practice.
